CDTI 's catalog Spanish Capacities in Large Scientific Facilities is out!

The catalog includes FYLA 's profile as a provider and developer of technology for Large Scientific Facilities. It is issued by CDTI to support IFMIF DONES at Granada.

This role of our company is due to our relation to CERN, further explained [in this post](#). Soon you will also find us at CERN 's providers database.

Stay tuned!

[Here](#) you can find CDTI 's catalog. FYLA 's profile is on page 88.
