FYLA at ELMI2021

This year we will attend to [The European Light Microscopy Initiative, ELMI2021](#). During the 23th, 24th and 25th of June we will present our [FYLA SCH](#), a laser that revolutionizes multiphoton microscopy, a cost-effective and maintenance-free laser source with best-in-class performance.

Our Corporate Business Development Director, Sara Otero, and our Sales Manager, Gaia Sardiello, [will be available to answer any doubts or questions about our lasers at ELMI2021](#).

More about this event

The European Light Microscopy Initiative was created in 2001 to establish a unique communication network between European scientists working in the field of light microscopy and the manufacturers of their equipment. Its aim is to promote the quickly developing field of light microscopy as a fundamental research tool for the life sciences and to strengthen the channels of communication between researchers, core facilities and industry.
